<b>Grade Level</b> High School (9-12)
<b>Assessment Method</b>

## Program Information

### Products Developed or Materials Used:

The curriculum for this class is still being developed but students are assessed using a variety of instruments including skills (including hands on lab activities and taping/wrapping activities), major projects, quizzes, and abstract assignments.

### Program Description:

This class is designed to educate students who are interested in pursuing a career in the field of sports medicine or just the recreational athlete about basic anatomy, some common sports related injuries, injury prevention (ie taping, bracing, condition
